

## **ROADWORK NOTICE**

**June 22, 2026**

Road construction is scheduled to begin on **Monday, June 22, 2026**, and continue through **Wednesday, June 24, 2026**, weather permitting.

On Monday, the contractor will mill **Somerset Drive from Westminster Road to the west end of Hannah Drive**, as well as the **Fandel Road and Illinois Route 116 intersection**. The intersection of Fandel Road and Route 116 will be temporarily closed while this work is being completed.

Asphalt paving is scheduled to begin on Tuesday and may continue into Wednesday. During paving operations, residents may experience brief periods of limited access to their driveways.

To ensure the work can be completed safely and efficiently, please remove all vehicles from the roadway during construction so the contractor has unobstructed access to the work area.

We appreciate your patience and cooperation during this project.
